Apartment in Sotogrande Alto

Sphere has been conceived from its early inception as a natural, organic and environmentally-friendly project. Its startlingly unique and sustainable character closes the loop between the architecture of the building and its natural surroundings. Being inspired by nature, it aims to be in harmony with and inspiring to those who live there. This wonderful project has been sympathetically designed to reflect the natural surroundings. The whole concept is inspired by nature and the flow of the natural element. The property is made up of two, three and four bedroom apartments; there is also a selection of penthouse with and without plunge pools and all with fantastic rooftops all designed to connect well in its surroundings. The biggest plus is the idea of sustainable energy and the whole project has been designed to be as energy efficient as possible and to make as little impact on the surrounding environment. This will be a stunning place to live once completed the properties will make the most of the natural light yet super modern with the best of all the amenities. The apartment complex will enter into a large lobby with water features that runs through and co-working spaces as well as welcoming guests and study areas. This luxurious feel will continue throughout the building. The additional features include a gastro bar, gymnasium, an indoor heated swimming pool, 2 outdoor heated swimming pools and lovely terraced garden areas for everyone to enjoy.. The full concept is to make it as easy as possible with a fantastic concierge and hotel-style maintenance service all included. These luxury apartments are well positioned at the entrance of Sotogrande close to the international school. If you're looking for something different in modern living, look no further!
