Villa in Sotogrande Alto

This remarkable contemporary villa, boasting panoramic sea views, is situated in La Reserva de Sotogrande. Spanning 2,438m<sup>2</sup>, it will be constructed on a generous plot of 4,405m<sup>2</sup>, featuring over 1,000m<sup>2</sup> of terraces. Positioned parallel to the coastline, the villa will offer unparalleled 180° vistas of the sea, encompassing the Marbella Concha mountain, the African coastline across the straits, and Alcaidesa. Spread across four levels, this magnificent residence will comprise an entrance hall leading to a stunning staircase and elevator. The main living area will encompass spacious living and dining areas with lofty ceilings, a fully equipped kitchen, a master en-suite bedroom, an infinity pool, and both covered and uncovered terraces. The lower level will house six en-suite bedrooms and an office, while the subsequent level will feature a spa area with an indoor pool cascading into it, a sauna, a gymnasium, a cinema room, a wine cellar, a lounge, and a pool bar, among other amenities. The living areas will seamlessly flow out to the porches, open and covered terraces, multi-level gardens, and an impressive infinity pool. Additionally, the project includes a garage with ample parking space for four cars.
